First come, first served.

OFFER VALID ON NEW ORDERS ONLY.

View qualifying inventory through **Blasius digital inventory.**

In the event that the inventory material is damaged or otherwise unavailable after the order has been placed, you may either select a similar design from the available inventory at the same price as an alternative or a refund may be issued. Inventory Reset material is sold on a 'first come, first served' basis and will not be held until a signed order has been received by Blasius. Blasius cannot guarantee color match or vein match between multiple pieces. Multiple remnants will not be seamed together unless an entire slab is being utilized. Our online inventory refreshes every hour, so please confirm material with a Project Manager prior to placing your order.
